# Contemporary Seating & Tables

LOIS is a sophisticated range with a language of fluid, geometric lines and carefully refined details.

Soft, upholstered forms are sculpted by continuous lines and accented with piping details, extending the studio's ongoing exploration into the relationships between two-dimensional line and three-dimensional form.

Slim legs give the pieces an appearance of lightness. Lois offers generosity for the user, whilst maintaining a compact footprint, making this a highly functional choice for a wide range of spaces.

## **Zenith** | curators of the modern workspace

We've worked with interior designers, architects and workplace curators for many years. Together, we've developed a range of internal workspace environments. We work alongside these curators of modern workspaces to redefine the environments where people live, work, socialise, interact and learn.

Contemporary workplaces have to combine leading edge technology and physical elements in a way that produces productive environments for organisations. And every organisation is unique. So before we recommend a solution, we work hard to understand the organisation and the people who define its culture.

Our local teams and showrooms deliver the support you need. Our global logistics guarantees the highest quality product, service and delivery schedules.
