# REMIX Task Chair

Zenith

## Features:

The Remix family of seating delivers exceptional performance in a calm, familiar form. Remix task chair intelligently layers contrasting materials to provide movement and active, all-day support. Remix combines both innovative and upholstery elements, resulting in a new performance for the classic upholstered chair. With a versatile scope that spans the workplace, from private office to open plan and conference room settings, Remix supports the fast-paced and demands of today's working environment. Both Task and High Task chairs feature a Tandem Back™ which delivers immediate, plush comfort paired with Flex Net Matrix™ technology that provides resiliency, flexibility and support. Adjustable tilt tension and a three-point tilt lock offer personalised fit and a deep dwell.

## Options:

- Synchronised movement
- Height adjustable armrests
- High performance armrests
- Aluminium armrests
- Plastic loop armrests
- Additional lumbar support

**Design:** FORMWAY

**Warranty:** 10 years structural, 1 year arms
