# SOL-MIX

Design by ZENITH Design

# Disrupt

# Tradition

Flexibility in seating & tables that disrupts tradition.

SOL-MIX is designed around four key pillars of contemporary working behaviours: facilitating spaces for formal or informal meeting, social aspects of our daily routines, creative collisions for knowledge sharing, moments requiring retreat and focus.

SOL-MIX celebrates the fact that today's commercial spaces need to be flexible to a heightened degree: promoting the happiness of individual workers and the dynamism of teams as the basis for sustained productivity.

Driven by empowering the end-user, be it individual or team, SOL-MIX allows freedom of collaboration and connection.

Through understanding the enormous potential of user-centred design thinking, this portfolio of mobile, modular, reconfigurable and versatile furniture aims to celebrate the dynamic nature of the contemporary workplace, while also providing the all-important tools of both individual and collective end-users.

## Design

**Understanding and collaborating with the client ensures all outcomes are achieved.**

ZENITH's capacity to research, prototype and test products is an integral part to their design process. By putting an emphasis on researching global trends and anticipating the ever-changing climate of technology in the work environment, ZENITH not only responds to demands in the market but pioneers and innovate.

With the capability and facilities to manufacture locally, ZENITH products are exceptionally designed, customised and thoroughly tested for product suitability and usability to suit individual needs and user requirements.

"Working with leading companies in Asia Pacific has allowed us to gain valuable insights into users' needs in the emerging workplace."

—Bob Stewart, ZENITH Design's R&D Manager

"Mobility and the need to be user-reconfigurable is becoming increasingly important in our intent for the contemporary workforce."

## **Choice, freedom, flexibility and control**

A collection consisting of modular seating, table, ottoman, whiteboard and booth: SOL-Sit, SOL-Rest, SOL-Dash, SOL-Think, SOL-Pavilion, SOL-Lap, SOL-Bench, SOL-Break and SOL-Sketch.

SOL-MIX promotes individual workers and the dynamism of teams as the basis for sustained productivity.

SOL-Pavilion's semi private booth system facilitates quick intimate meetings, with exceptional acoustic attenuation.

SOL-Think embraces the balance of individual working needs and cooperative team collaboration with adjustable side and back panels that can be secured up or folded down.

## ZENITH

We've worked with interior designers, architects and workplace curators for many years. Together, we've developed a range of internal workspace environments. We work alongside these curators of modern workspaces to redefine the environments where people live, work, socialise, interact and learn.

Contemporary workplaces have to combine leading edge technology and physical elements in a way that produces productive environments for organisations. And every organisation is unique. So before we recommend a solution, we work hard to understand the organisation and the people who define its culture.

Our local teams and showrooms deliver the support you need. Our global logistics guarantees the highest quality product, service and delivery schedules.
