

PRECINCT POD

Open

Features:

Precinct is a modular panel system with the ability to adapt workspaces for privacy and focus through visual screening. The simple panel system is available in a range of predefined options with adjustable glides. Precinct can be equipped with power and is available in a variety of fabrics and worktop finishes.

Fixed Height Option:

- Fixed height worktop mounted to panels
- Support Beam is necessary when worktop width is 1401mm and over
- with or without single scallop on back edge of worktop
- Precinct fabric cable sleeve to floor (matching internal fabric)
- Umbilicals – to the floor

Height Adjust Option:

- Compatible with Orbis 2 stage electric, bracketed to side panels
- With or without cover 96mm duct or enclosed duct
- Zenith cable sleeve, Cable Hub or Glovebox
- Umbilical – to the floor

Design: ZENITH DESIGN STUDIO

Warranty: 7 years

Certification: GECA, PEFC

Finishes:

Single or two tone upholstery in commercially approved fabrics, refer to ZENITH House Finishes Specification. Worktops in 25mm Laminate or Veneer.
