

SCREEN Divider

Features:

In the amplitude of open space, Screen coordinates the different zones of the contemporary office. Screen creates “invisible” and elegant light version of a privacy screen that maximises versatility through different finishes, sizes and the magnet coupling system allowing you to expand the privacy when needed.

See Screen Divider Configuration Specification for configurations.

Options:

- Tubes powder coated, timber, upholstered or fully upholstered screen
- Magnet coupling system
- Metal feet for Screen Curve
- Castors for all screens
