Easel

By Zenith Design Studio

Natural Elegance & Contemporary Design

Intrigued by the interplay between natural materials and contemporary design, multi award-winning designer Tom Fereday brings a shared passion for honest design, sustainable material and exemplary craftsmanship to this Lounge collaboration with Zenith Design Studio.

Distinguished by a sleek solid timber frame, the soft body of the Easel lounge features gently curving edges showcasing the natural beauty and elegance of upholstery when paired with timber.

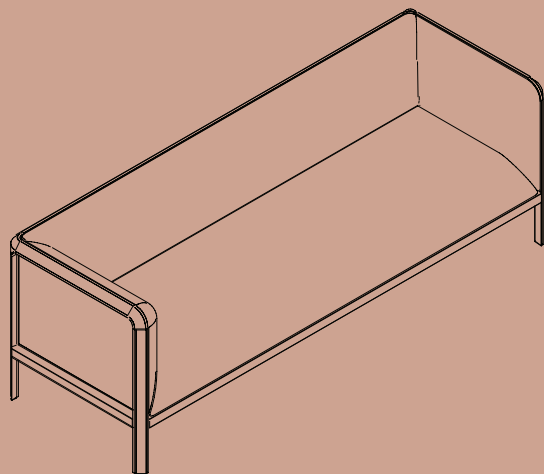

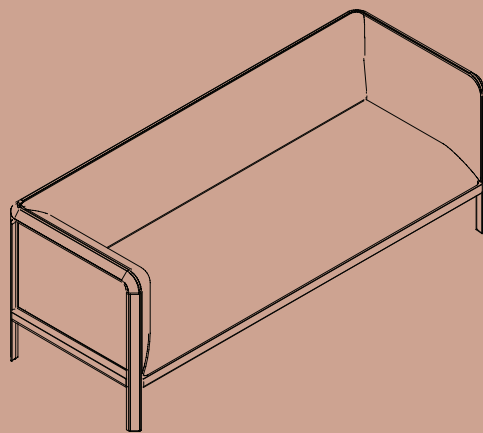

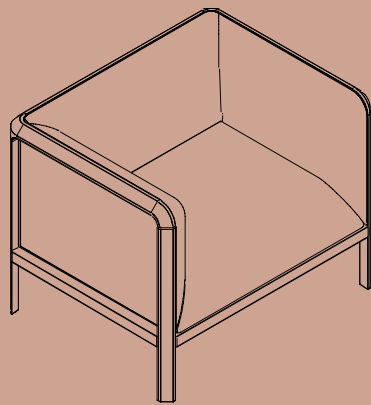

The Easel collection features a family of single and multi-seat lounges framed in natural American Oak, Easel can be upholstered in a vast array of textiles and leathers.

Flat packing solid timber construction intelligently and efficiently frames the entire lounge forming an incredibly strong and yet refined seating collection designed for comfort with a soft webbed frame.

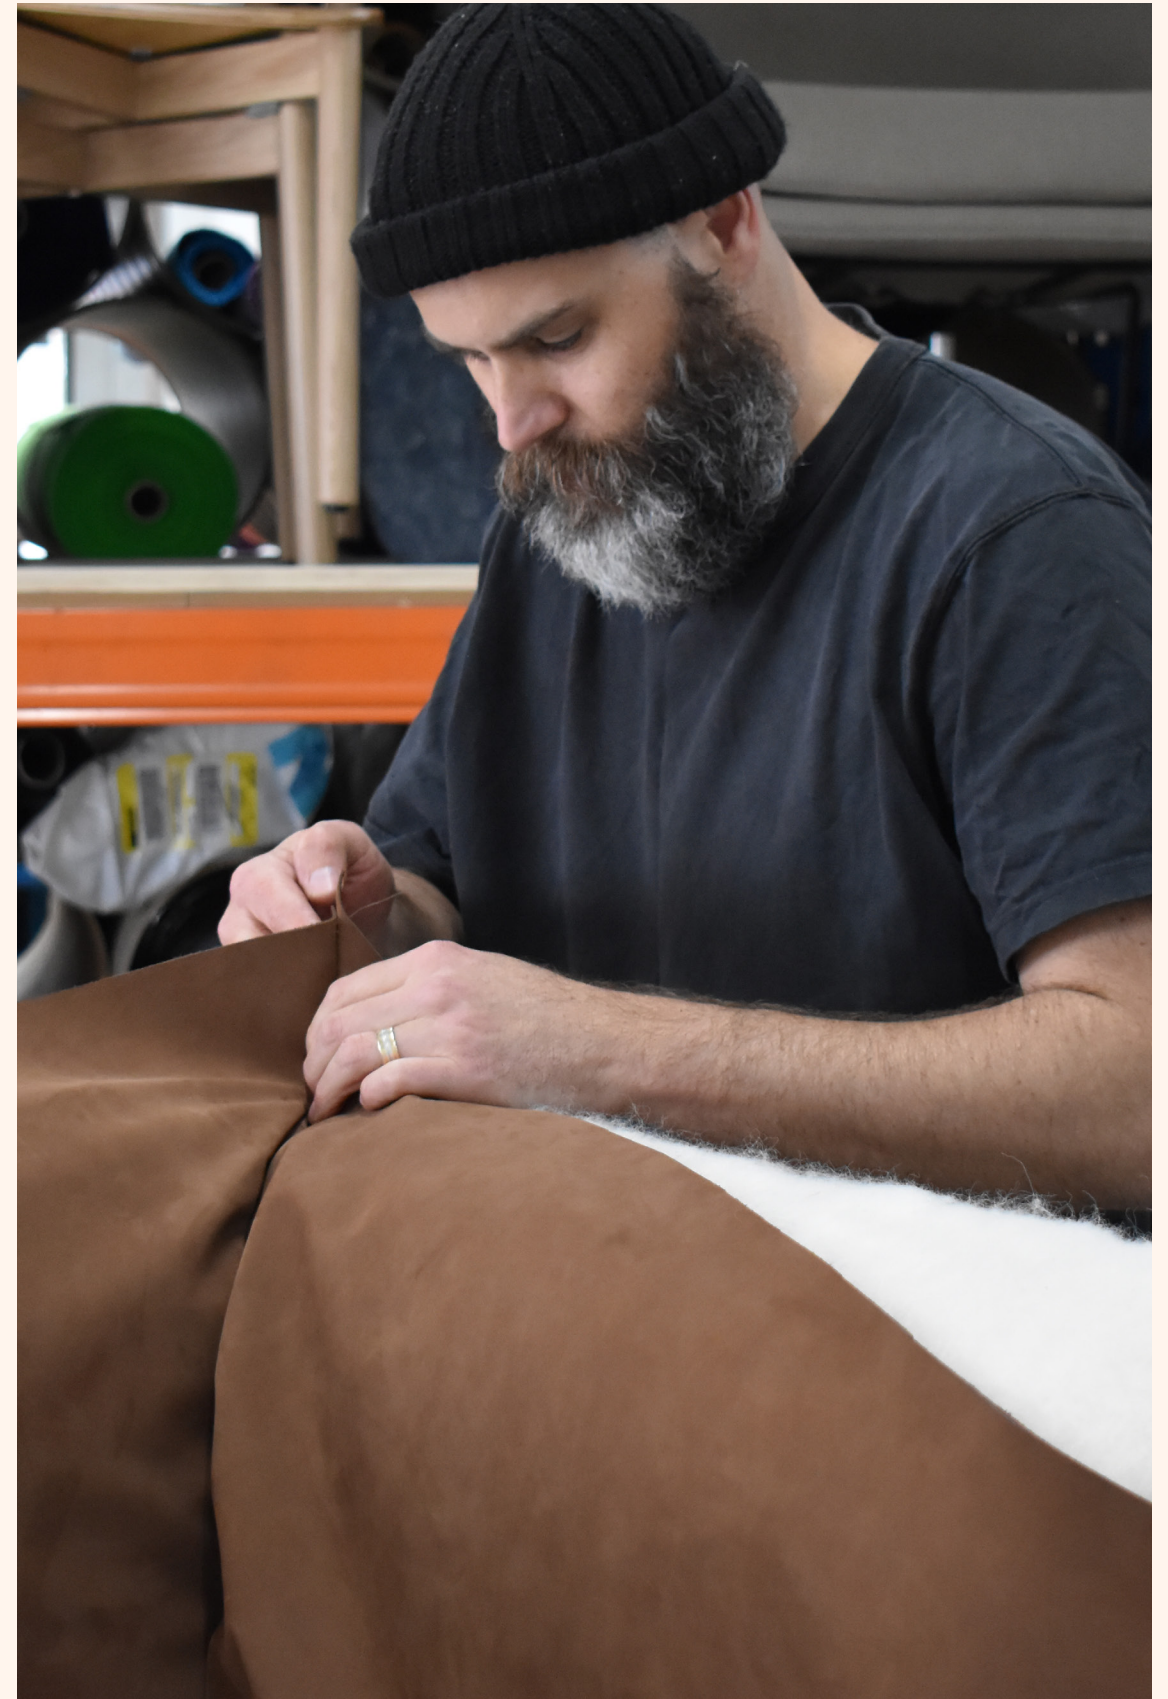

Zenith Design Studio

We're a design and experience centric studio who create furniture solutions based on our intimate understanding of the workplace and workplace behaviours. We apply our expertise in interior architecture and product development to create progressive, high performance workspace solutions.

In our Design Studio you'll meet our team of 30+ experienced product designers, mechanical engineers, product configurators, immersive experience developers and visual content creators. Our cyclical process of listening, investigating, experimenting, and learning, provides a proven platform for understanding the unique requirements of our clients.

Zenith | curators of the modern workspace

We've worked with interior designers, architects and workplace curators for many years. Together, we've developed a range of internal workspace environments. We work alongside these curators of modern workspaces to redefine the environments where people live, work, socialise, interact and learn.

Contemporary workplaces have to combine leading edge technology and physical elements in a way that produces productive environments for organisations. And every organisation is unique. So before we recommend a solution, we work hard to understand the organisation and the people who define its culture.

Our local teams and showrooms deliver the support you need. Our global logistics guarantees the highest quality product, service and delivery schedules.
