CAT 4 - Baru | Kvadrat

An ultra-soft woven woollen bouclé, Baru feels like shorn fleece and has a comforting volume created by the elasticity of the wool fibre and the finishing processes. Yarn dyed with one colour in warp and another in weft, it has the benefits of a woollen textile but a softer feel. The texture of the bouclé coupled with a slight shine from the acrylic blend creates a playful effect as the colour catches the light. Minimal contrasts in the yarns produce strong hues such as midnight, forest green, maroon and dark chocolate, while a darker base adds depth. Softer shades of snow, light grey, ash, camel, vanilla and moss green have a mélange effect from the contrasting base.
