Zenith

ALTER
Lounge Chair

Features:
The cultivated frame and soft edges of Zenith's ALTER collection ushers in the 'destination workplace', fostering the full-spectrum of interactions that reside in the modern workplace – the planned and the impromptu, to the social and the formal.

Whether opting for the beauty of solid wood or the robust feature of metal, the refined frame gently supports the soft and inviting seating surfaces above. Matched with a warm palette rarely seen in workplace furniture, Alter humanises the workspace and emulates the aesthetic of the domestic environment for a sense of familiarity and emotional comfort.
