Forc

Freestanding coat stand made from three pieces of solid beech of differing sizes.

FORC COATSTAND

FEATURES

Forc coatstand is an arrangement of wooden pegs with smooth shapes that hang garments and accessories at different heights. Two metal crosspieces support the structure. The top cross piece is available with hooks and is situated at a practical height for children to hang their items. The lower crosspiece is available with a base where bags can be placed.

FINISHES

Metal: Textured epoxy coating 30% matte, colour RAL 9002 or RAL 7022

Injected Pieces: White or grey polyamide

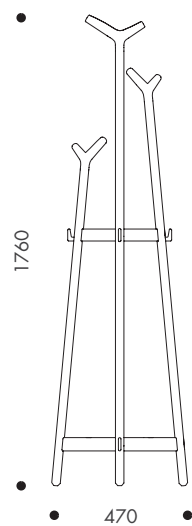

Wood: Solid natural beech with water-based varnish

DESIGN

Lagranja Studio
