CARE & MAINTENANCE

Periodic maintenance is necessary to ensure long term durability and customer satisfaction. All products should be closely inspected each month. If any items show any sign of structural failure it should be taken out of service immediately.

Plastic/Felt Feet

Need to be inspected and replaced if worn.

Fabric

Please follow specific manufacturing guidelines on the cleaning of fabric. Cleaning with the wrong substance could damage the fabric.

Polypropylene

Clean with a soft damp cloth and mild detergent solution.
Do not use abrasive cleaners.
