LIFE Task Chair

Zenith

Features:

Life chair is adaptable and responsive, providing constant support in today's kinetic workplace. The flexible seat and back automatically adjusts to facilitate balance and natural postures, from forward active to fully stretched and reclined. Life chair's low profile enables easier leg movement and a comfortable footrest with castors. Life complements any surrounding office environment with its light, luminescent and versatile quality.

Options:

- Adjustable lumbar support
- Height adjustable arms
- Fully adjustable performance arms
- Friction castors
- Fully upholstered back
