

JAC Sled Chair

Features:

The perfect union of elegance, functionality, and sustainability, the JAC sled chair effortlessly fulfills the seating needs for a multitude of workspaces. JAC side sled chair is stackable up to 6 high and 2 high with an upholstered shell. It is non stackable when a seat pad is specified. As part of our sustainability commitment, with every JAC sold a tree is planted. JAC shells are now constructed from 95% post-consumer recycled polypropylene, making JAC an even more environmentally responsible choice.

Options:

- Polypropylene shell with upholstered seat pad
- Upholstered shell in one or two-tone upholstery
- Upholstered shell with upholstered seat pad in one or two-tone upholstery
- Stacking bumper for Side Chair
- Ganging sled-connectors for Side Chair
