TONELLA Stool

Zenith

Features:

Swedish design studio Note presents the stool, the most slender product in the line.

Spanish wine barrel staves are the inspiring element as they have been with the other products in the range, although, on this occasion, Note has taken this design accent to the limit. The metal rods acquire much more prominence in the stool than in their predecessors. The seat cushion, upholstered in fabric or leather, adopts a demure presence and gives an ethereal aesthetic to the whole piece
