CIRCO Multi-purpose Zenith

Features:

Circo multi-purpose chairs are designed to provide a universal solution for meeting and conference uses. They share a common design language with the original Circo conference chair but the proportions have been scaled to make them more applicable in use.

Circo's designer Justus Kolberg worked closely with toolmakers and injection moulders to exploit the latest technical possibilities of a complex single piece frame.

Circo is made in the United Kingdom.

Options:

- Base: 4 leg on castors or cantilever
- Cantilever base stackable 5 high
