ZED Monitor Arm

Zenith

Features:

ZED Monitor Arm consists of Single Fixed, Double Element Fixed, Cross Bar Elements, Motion Cross Bar, Single Dynamic & Double Dynamic enabling the user to optimize their work environment as they change position, move and share information throughout their day.

ZED clamping options include a newly designed low profile clamp for 20-25mm thick worktops. Then standard adjustable C-Clamp or Grommet Through Clamp for tops greater than 20mm thick, as well as CTRL mounting option. The integrated cable management hides cables, enhancing workspace organization and aesthetics.

ZED can be accessorised with a USB adaptor and laptop tray which allows the user to integrate mobile devices into their workspace. The laptop tray can accommodate up to 17" laptop computers whilst the USB Adaptor can charge up to 3 electronic devices at once.
