Profondo

Design by Zenith Design Studio

NOT EVERY LOUNGE IS DESIGNED TO BLEND IN.

Profondo was created for spaces that value personality, atmosphere and bold design.

Inspired by the expressive Italian furniture design movement of the 1970s, it draws on an era celebrated for its sculptural forms, generous proportions and unapologetic sense of style.

From its distinctive silhouette to its luxurious detailing, every element has been carefully considered to create a piece that feels inviting, confident and unforgettable.

**Profondo offers a fresh
expression of modern comfort.**

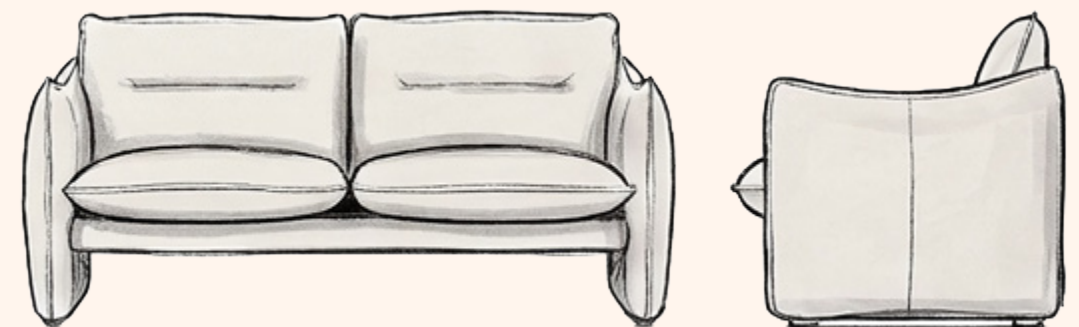

Distinctive silhouette to luxurious detailing

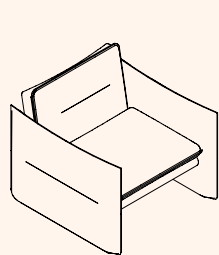

Profondo is more than a place to sit. It is a statement piece designed to shape the character of a space, creating warmth, presence and a lasting impression. It is comfort elevated. Presence amplified. A bold expression of contemporary design inspired by one of furniture's most iconic design eras.

Generous pillowy forms, flanged edges and signature pull-through details combine to deliver a lounge that is as visually striking as it is comfortable.

We've worked with interior designers, architects and workplace curators for many years. Together, we've developed a range of internal workspace environments. We work alongside these curators of modern workspaces to redefine the environments where people live, work, socialise, interact and learn.

Contemporary workplaces have to combine leading edge technology and physical elements in a way that produces productive environments for organisations. And every organisation is unique. So before we recommend a solution, we work hard to understand the organisation and the people who define its culture.
