# Levee Modular

By Zenith Design Studio

# Seamless

# Visual

# Statement

As the landscape of the modern workplace continually shifts and evolves, we see the unfolding future of the contemporary workspace:

Environments where balance and harmony are integral to innovation, engagement, and productivity.

Inviting lounge spaces encourage employees to come together, collaborate, or momentarily retreat to relax and recharge. Offering residential style seating has become a popular shift in the modern workspace. With this understanding, Zenith have created Levee & Levee work, a sumptuous and pillowy modular lounge system that brings a comforting residential feel to commercial spaces.

With 17 configural pieces and two seat depths, ranging from ottoman pieces in oval and square, armchairs, 700 and 900 lounge seats, corner lounges, curved and concave options with armrests for lounge seats and concave seats, Levee offers optimal versatility and a multitude of configurations.

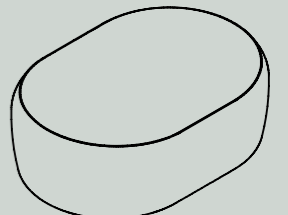

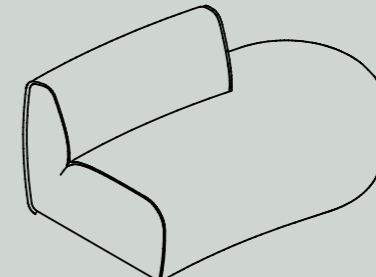

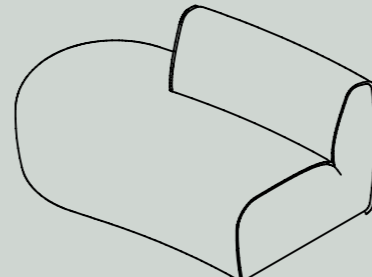

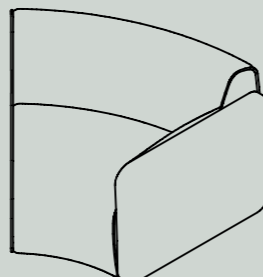

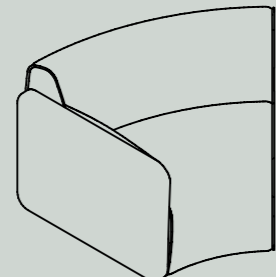

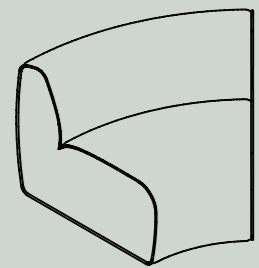

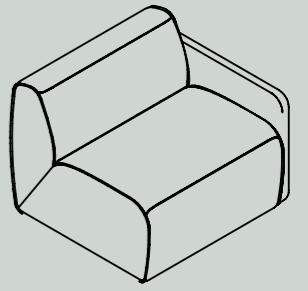

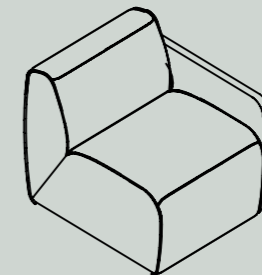

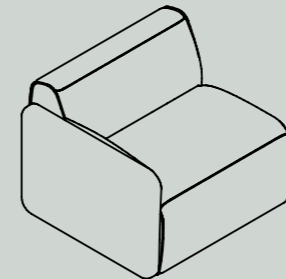

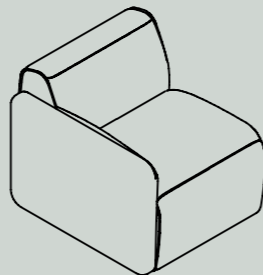

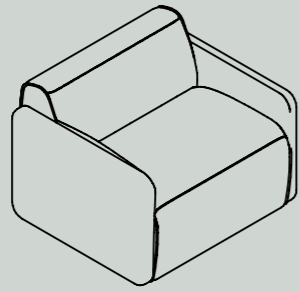

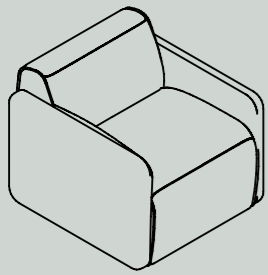

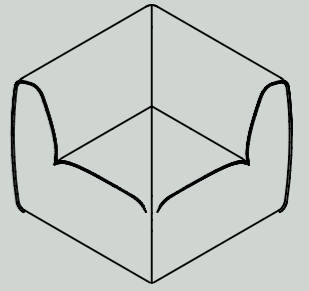

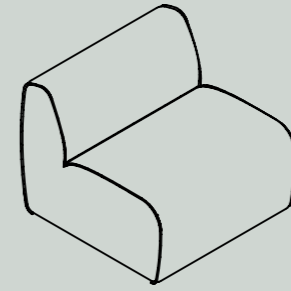

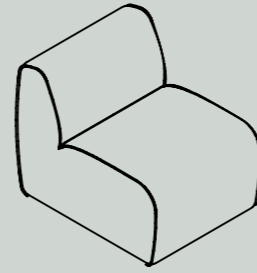

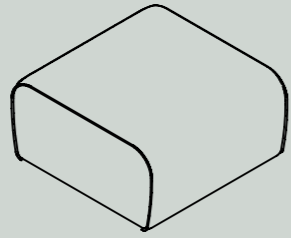

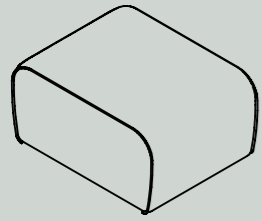

Levee's generous seat to floor depth creates a seamless visual statement. Softly residential in style but with

commercial endurance, Levee creates an encompassing and immersive lounging experience.

Adaptive to breakout spaces, receptions or rearrangeable lounging areas, Levee & Levee Work provides an opulent at-home elegance with commercial strength and versatility.

Available in two seat depths in all Levee Modular Lounge pieces

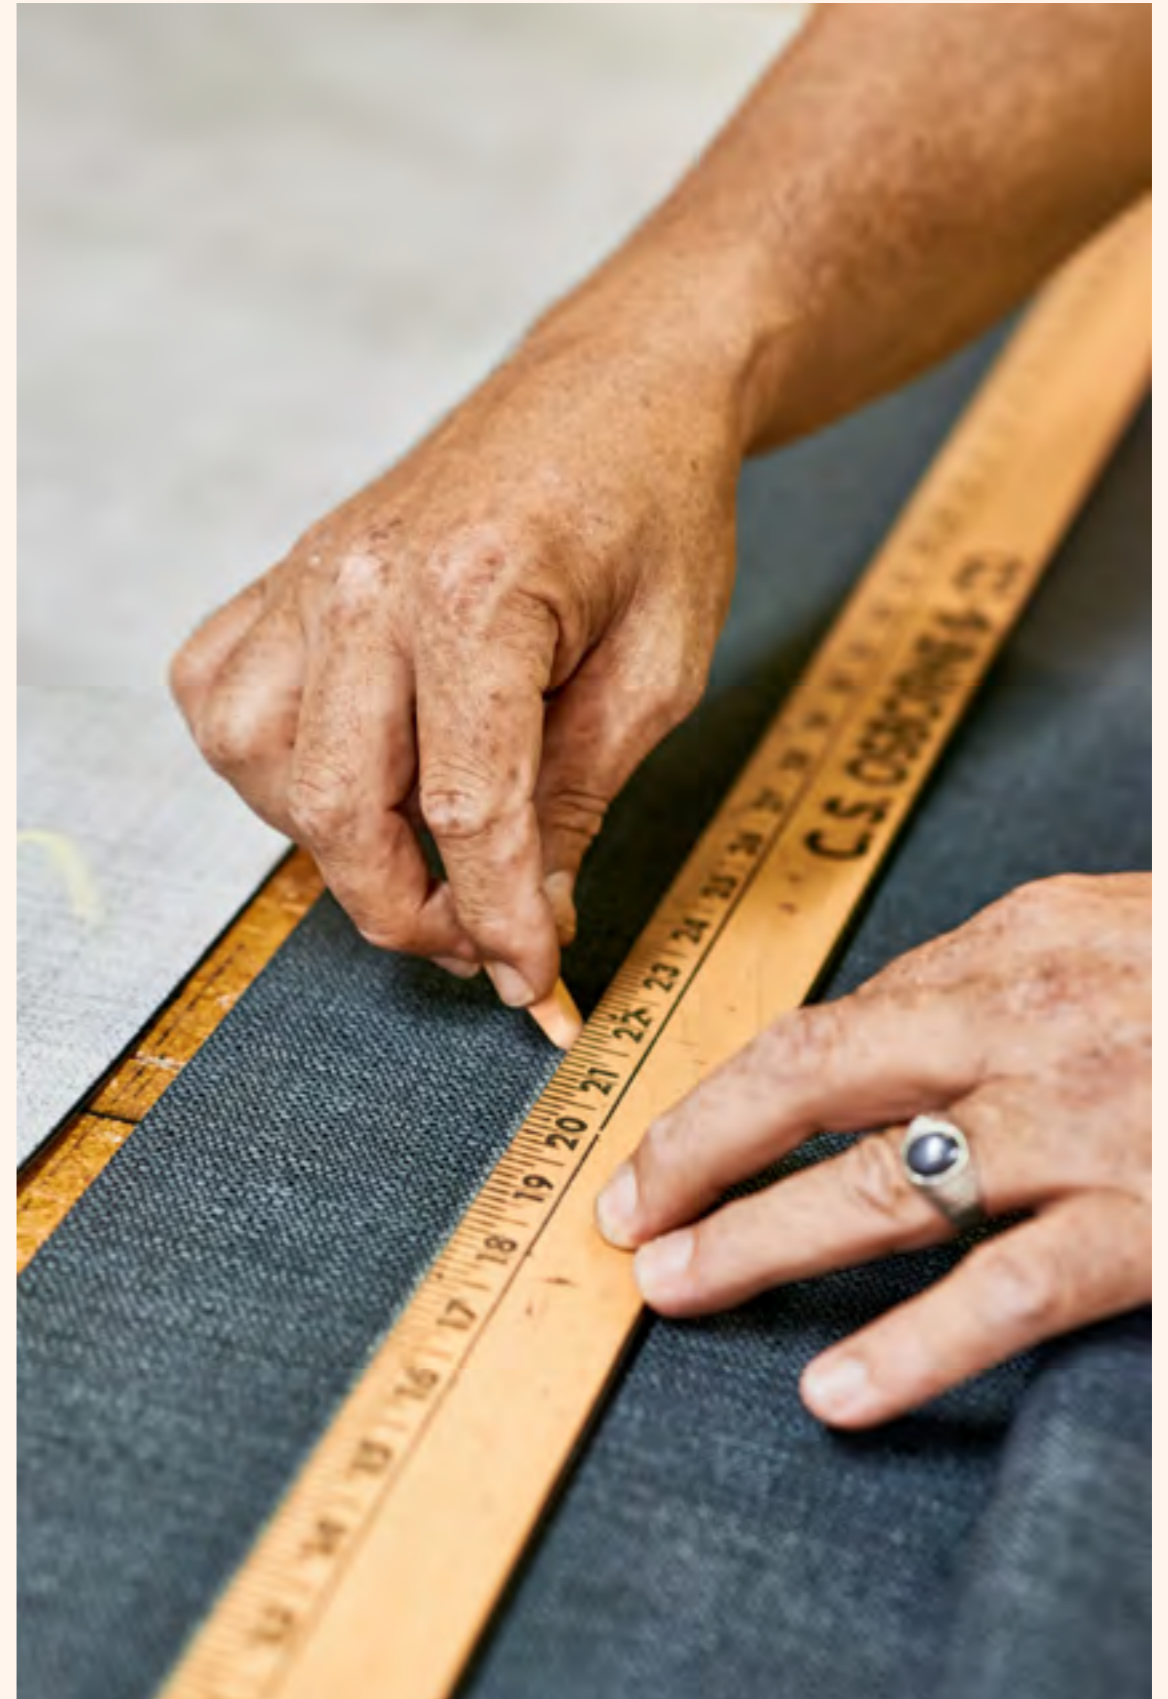

# Zenith Design Studio

We're a design and experience centric studio who create furniture solutions based on our intimate understanding of the workplace and workplace behaviours. We apply our expertise in interior architecture and product development to create progressive, high performance workspace solutions.

In our Design Studio you'll meet our team of 30+ experienced product designers, mechanical engineers, product configurators, immersive experience developers and visual content creators. Our cyclical process of listening, investigating, experimenting, and learning, provides a proven platform for understanding the unique requirements of our clients.

**Zenith** | curators of the  
modern workspace

We've worked with interior designers, architects and workplace curators for many years. Together, we've developed a range of internal workspace environments. We work alongside these curators of modern workspaces to redefine the environments where people live, work, socialise, interact and learn.

Contemporary workplaces have to combine leading edge technology and physical elements in a way that produces productive environments for organisations. And every organisation is unique. So before we recommend a solution, we work hard to understand the organisation and the people who define its culture.

Our local teams and showrooms deliver the support you need. Our global logistics guarantees the highest quality product, service and delivery schedules.

#### **Showroom locations**

**Australia** Melbourne, Sydney, Canberra, Brisbane, Perth, Adelaide

**New Zealand** Auckland, Wellington, Christchurch

**Asia** Hong Kong, Shanghai, Singapore, Shenzhen
