# MAGNUM Stool

Zenith

## Features:

EstudiHac's José Manuel Ferrero might be Spanish, but his approach to design is akin to the bespoke tailoring of Mayfair. His new range of soft seating for Sancal, the Magnum, pays homage to this very British elegance. The gentleman designer has drawn inspiration from the glasses of cognac that members of exclusive London clubs cradle in their hands as they debate politics.

It consists of stools in two sizes. Even the smallest spaces can now enjoy luxurious comfort with these compact, fully upholstered pieces.

## Options:

- Low stool and bar stool
